CERTIFICATE OF STRUCTURAL SOUNDNESS OF BUILDING

This is to certify that the existing School building occupied by M/s Kotwal's School (CBSC Affiliation No: 130437 and School Code No: 57707), that the school Building in the Premises No: 2-9-50/67, On Plot No's: 67, 68, 69. in Survey No's: 37 & 39. Situated at Burtonguda, Macha Bollarum, Under Alwal Municipal Circle of GHMC, Medical District, Hyderabad., is inspected by me for its Structural Stability.

That the Building Consisting of Ground, First and Second Floors, With Staircase Head Room, is of R.C.C, Framed Structure, constructed during the year 2008-2009. The Building Comprises of 13 Rooms on Ground Floor, 12 Rooms on First Floor, and 6 Rooms on Second Floor and Toilet Block on each floor, Staircase and Other Corridors Constructed with Good Ventilation and Orientation with other Facilities like Power Supply and Water Facilities.

The Buildings is of RCC frame structure, the structural arrangement of RCC members and found to give a safe and stable building as per the code provisions. That on physical inspection of the building premises the following observations is noticed and are 1). No structural distress features were observed in any part of the basement floor level i.e. no visible signs of settlement of wall foundation system in the Building. 2). On observation there were no cracks noticed in walls of the portion under study and sapling of mortar patches from roof slab etc. 3). Also there is no dampness of the walls / Ceiling as well as noticed no seepage from Terrace floor to the lower portion of the building.

Considering the age of the buildings 11 years, Life span of the RCC building as 65 years as such the building has further life span of 54 years in view of regular maintenance carried out to the building. As on date of inspection I am of the opinion the subject building under study is Safe and Structurally Sound and Stable and as such the above said floors fit for occupation and running the School and hence this certificate is issued.
